

Access Controllers

AIAC-205/AIAC-430

Special Features

- √ 32-bit ARM processor, support multiple channel simultaneous communication
- ✓ Automatically search and install controller
- ✓ swipe card the door normally open, swipe again the door normally close
- ✓ Remote open door, full card to open door, read card inside and outside to open door
- ✓ fire protection alarm
- ✓ Limit the number of people inside door and region
- ✓ Time zone management, access authentication methods setting
- ✓ Repeat read card interval setting function
- ✓ Anti-pass back, interlock function

Access Controllers

AIAC-205/AIAC-430

Model	AIAC-205/AIAC-430
Input Voltage	AC 220V
Power Supply	DC 12V/3A
Power Consumption	<100mA
Reader Interface	2R/4R/8R Wigand 26/34 bits
Door Lock Relay	1D/2D/4D
Master Data	2000/5000/30000
Transaction Data	20000/50000/200000
Interface	TCP/IP
Communication Rate	10M/100M adaptive
Operating Temperature	-25°C to 60°C
Operating Humidity	90% RH, no-condensation
Dimension	157*129mm/214*129mm approx.
